

DOUG VARTY presents
BEATLES in BLUE

Beatles in Blue brings the timeless songs of the Beatles and the gritty funky rhythms of the blues into one joyful musical trip. Whether it's "Birthday" tricked out like ZZ Top, "When I'm 64" as a New Orleans rhumba, or "Come Together" as a footstompin' mandolin-driven jam, the twists and turns on this Long and Winding Road of song just keep coming, every surprise another crowd pleaser. Many great artists have had their way with Fab Four music, and **Beatles in Blue** pays tribute to them with Stevie Ray Vaughan's "Taxman", Otis Redding's "Day Tripper", Stevie Wonder's "We Can Work It Out" and more. Goo Goo G'Joob!

Leading **Beatles in Blue** is acclaimed frontman Doug Varty, a Canadian music legend who's shared the stage with greats John Lee Hooker to Johnny Winter, Jeff Healey to Tina Turner and many more. He's been awarded Jack Richardson and London Music Awards for his fiery guitar, stirring vocals, his heartfelt performing and songwriting, and brings a stagecraft and warmth that never disappoints.
